Adam and Eve Expelled from Paradise was a mid-20th century painting, painted by noted Earth artist Marc Chagall, which depicts a scene of Adam and Eve being cast out of the Garden of Eden.

The Rejac Crystal was an extremely rare and valuable piece of art.

This crystal was owned by Zibalian trader, Kivas Fajo, in 2366. This object was mentioned in a listing of Fajo's collections in his Federation biographical data file. (TNG: "The Most Toys", okudagram)

A basotile was a complex art form, created by the Rodulans. In 2366, Kivas Fajo owned the first one ever created, and claimed that it was centuries old. (TNG: "The Most Toys")

The Mona Lisa was a painting done by the Human artist Leonardo da Vinci at the beginning of the 16th century in Europe on Earth. One of the most famous works of art in Earth history, the subject's enigmatic smile has engaged viewers for centuries, and in the 20th and 21st centuries, the painting was on display at the Louvre Museum in Paris, France.

The Persistence of Memory was a 20th century painting by Salvador Dalí. The painting depicted soft melting pocket watches.
